How do we achieve the goals and objectives for which the Warith Center was established?

- 1- Coordination with supporting companies and business managers.
- 2- Financial support in partnership with student graduation projects to support scientific and entrepreneurial projects with financial returns.
- 3- Allocating financial funds to support successful projects to enhance student scientific research and support their own projects.
- 4- Finding local and international experts and trainers to support the center.
- 5- Establishing an advisory council through working partnerships.

Thank You
